Introduction

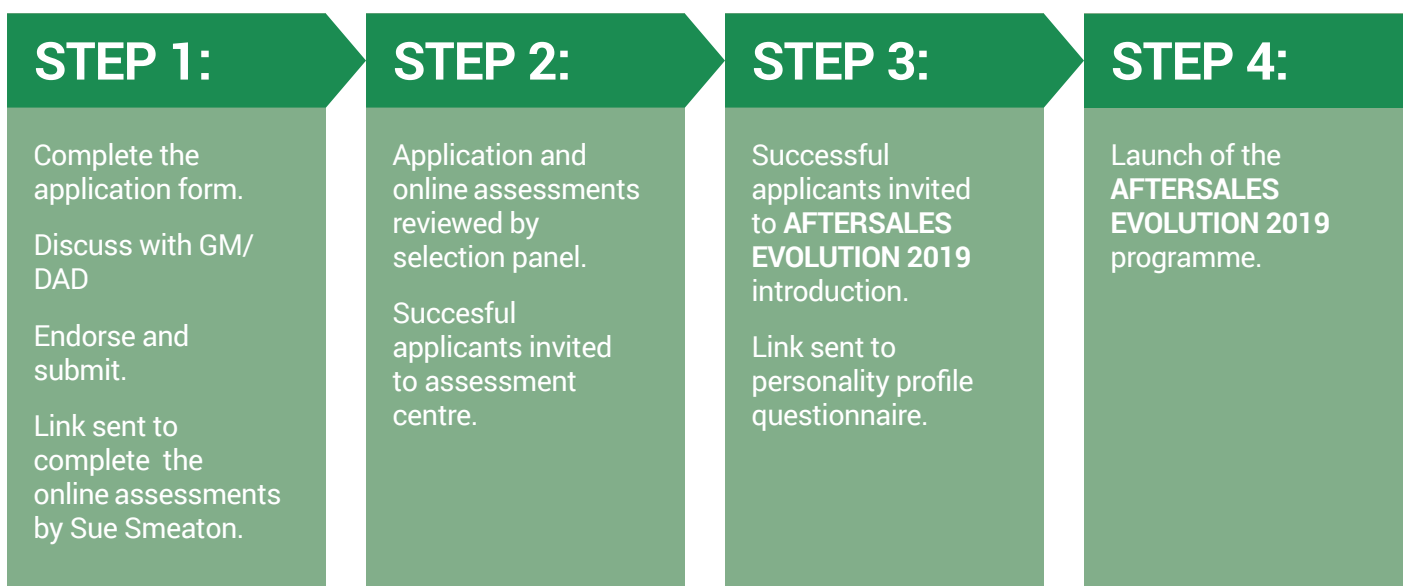

Before completing this application form make sure you take some time to review the Service Manager Job description. You can access the Job Description at Vertu Central, Vertu Talent pages or www.vertucareers.com.

The application process is very straight-forward. Simply download the on-line application form, then apply by detailing in no more than 500 words why you believe you are suitable for the programme and your future career aspirations.

You will need to speak with your General Manager or Divisional Aftersales Director and ask them to endorse your application and submit it to Sue Smeaton, Talent Coordinator at SSmeaton@vertumotors.com.

Upon receipt of your application we will review it and then ask you to complete a number of on-line assessments, the results of which will form part of your application. These tests come via email from our partner Talent Strengths.

All applications will then be reviewed by a selection panel to determine who will be invited to an assessment centre. 15 applicants will be selected for the 2019 intake.

Commitment

Dear Colleague,

It is important to understand that should your application be successful we will be making a commitment to investing significantly in your development.

We will therefore expect you to make a similar commitment to your development. With this in mind please make absolutely sure that you are prepared to make this commitment prior to submitting your application to your General Manager/Divisional Aftersales Director.

These first set of questions will help you decide:

There will be a significant amount of work/development that will have to be done in your own time.

Are you prepared to invest your own time in this development programme?

The program may require you to travel to other dealerships for part of your learning and development.

Are you are happy to do this?

You will be required to attend a number of internal training courses, which may be located in various parts of the country, throughout the year.

Are you committed to attending these events?

Are you flexible in relocating to a different dealership (within your region) should your preferred role become available?
