We will therefore expect you to make a similar commitment to your development. With this in mind please make absolutely sure that you are prepared to make this commitment prior to submitting your application to your General Manager/Divisional Aftersales Director.

These first set of questions will help you decide:

There will be a significant amount of work/development that will have to be done in your own time. **Are you prepared to invest your own time in this development programme?**

The programme may require you to travel to other dealerships for part of your learning and development. **Are you are happy to do this?**

You will be required to attend a number of internal training courses, which may be located in various parts of the country, throughout the year. **Are you committed to attending these events?**

Are you flexible in relocating to a different dealership (within your region) should your preferred role become available?
